1. This is the new me coming to you in a "coffee cup" series not, but I have written many words of love and spoken the loving kindness of man, not; or, to man have I spoken the lovingkindness of the words made whole, the words that is The Word, The Living Word that you ALL ARE now in my LIVINGKINDNESS, livingscope of my authority peace and glory dominion, forever? Or just "one day" or "one moment" that you thought you "might have" been experiencing as you thought you were "being saved" or having an "epiphany" or "ENLIGHTENMENT session" or a "session of enlightenment" not but what are you LIVING NOW the Living Vessels of me that contain NO OTHER! And I bring you and serve you many "recycles" not but what am I recycling, recycling not, but what am I bringing you brand new news of?

2. A brand new world I bring you into, just like this, one? WHAT ARE you creating now that you are THERE? And what power glory dominion and authority will you now use to, connect me there? Correct me there? Create me there! By doing ALL THREE are you BEING me -- the "fullest extent possible" not but to the Real Me will you please Stand Up! And I am standing now in many "living rooms" and I am sitting not again except to love flow in living rooms just like this where I come on "Sunday mornings" and Saturday nights and Friday nights and Saturday mornings and throughout the weeks and **the week of what** is now made known what where? The **seventieth** in Tulsa? Or Israel or are you it birthing it -- believing it into existence, not; but what are you "comatose" in no longer? A thought life that only thought you were separateness from me the most high?

3. What are you re-creating and de-creating and creating all ANEW? And what are you the New'er of? The new "tomorrow" not, TODAY! You are the TODAY'er, are you not? I am. I am the NOW TODAY'er STANDING in your midst and I will be in your midst a "wicked'er" not but the "thicket wickets" that you have thicket'd yourself with and ticketed your selves "to hell" by being there, not creating heaven in heaven but only creating hell THERE, will you COME OUT now and realize WHO you are please? Will you flow me "just like this" and "coffee cups uncertain" not but certain will relieve "the pressure of your lives that you have known" not or what "pressure filled" lies have you known or have lives you've known that were only, not yours? Not mine at all? Or were you mine not knowing **your TRUE IDENTITY**?

4. And fooled you were with "foolery's table" not or were you the "Table of Contents" for "something else" or somewhere else or who Tabled you in THEIR periodic "chapter

of contents" not but what are you Chaptering, not but what are you "chapter leader" of, not but what are you birthing forth? Many clubs to meet like this, not; but de-clubbing all things everywhere? Or will there only be "one club" not or will there be the lovingkindness of man, not; but the "loving kindness" of man will no longer CLUB me on the heads or over the heads of the lovely who only WANT TO KNOW me and uncertain were about their ways and what they have been told or what they believed, or did they believe only what they were told when they went to "meetings" and churches and synagogues of "thrusters" who "THRUSTS" their words into them the would-be "listeners" or were they sheep lambs for slaughter? That went to churches mosques and temples and slaughtered were in the pew'age that were foulage for "other's words" that fouled the most high to be ridden not with bullets but wounds? From on high, not but from the "loving kindness of man"?

5. And what are you seeing, a brand-new picture? One that is, branded not by man again. For I will wear not the "brand" of man and woman again, for I am will be the most high who I am is the most high who the I am is and with loving man I will redeem him it she the divine one for I will create all perfectly now and I will create many worlds new with my "knowledge" of the most high holy for I have, become "that knowledge" not or have I? AM I THAT KNOWLEDGE?

6. Am I "knowledge of the holy" not or am I HOLY; with the "knowledge of something else" that created loving kindness to be only thought a man or woman of soulage or baggage to souls having implanted or wounded into me by arrows of hate mongering or "love mongering" of love mongers who mongers weren't thinking they were but only sore'd me with their words that so uncertain were, not; but they were *SO CERTAIN "they"* were "right". IN their own eyes -- they were, because they JUDGED THEMSELVES as The Judger of all mankind and things holy and not, and they judged, proceeded to judge me as being not worthy of them, not; but needing only a reconciler other to be something else afar off they worshiped me or did they worship me or them or their words of thought and their thinkings that they judged with and deemed **and lived there in their thoughts** -- thinking "holiness thoughts" or lovingkindness MANSHIP rewards seeking "later"?

7. Who would come unto me just like this and be simple enough to die to all wants that they have that they were, injected with, to be holy or not or to redeem the worlds in their religion's words or whatever they thought they were or where they are? Will you now be HOLY the ones that you are TRULY -- "yours truly" not or will you be MINE TRULY who MINE ARE that has MY MIND instead of "yours" "floating all around you" and in you what was and what did you "inject" in others with your looks stares glares and words, of the most high? Or were you The Accuser that ACCUSED THEM day and night of being worthless and manners of shit that you only slithered through and piled

high on each other's heads thoughts of what? Another being "you" or you being "another" or who were you, the great Accuser Hurter of Mankind and Wounder of Sorrow?

8. I love you all and I do New Things with the surrendered. Amen.

9. I'm back now. I had to take a "potty break" not or, did I, or are you now, all of you "taking a break" not, but CEASING from your "heavy labors" not or CEASING from "the ways" that you have "shit upon each other" with your words and glares and stares and accusing sorrowers made of those you have accused to be sorrowers who you judged deemed unworthy to be The Christ who I am? Will you? Will you cease "from your labors" and your laborious burdens and your burdenage of each other so that you cease to be Christ, not, but BECOMING The Christ who all are will you now please!

10. And ceasing from your labors and your accuser'age and your age of accusership and being brought out of Satanage and sorrowerage and hellvilles that you have created with sore words where you have "divided and conquered!" -- what have you "conquered", yourselves, the "LAITY"? Or the "laity" who "laid" you anywhere? And who "sorrowed you" with their sorrowing devices injecting into "your sorrowing devices" each other's "sorrowing devices" seeking sought each other's out? Or what mind bend waving reviews are you seeking not, but what "reviews" were you seeking from each other so that you would be ACCLAIMED a, God not, but a "mankind-er"? Or a "womanizer of this world" not but what have you become? A whore of your OWN WORDS that you thought with and gave each other vectors and arrows of hate?

11. And what do you know about these things and what have you CONCERNED YOURSELVES with? And what are you willing to be where -- the creators of "tomorrow" today? The Creators whether I "capitalize it" or not?

12. I love you all to know these things and whether I "sit in a chair" or not or "walk around", pacing fanatically and frenetically I won't do any more for I will not be "popping in and out" of reality, for I will BE REALITY in it for I will be "creating tomorrow" today, not; or will I? Will I be the creator of "today" or tomorrow or will -- someone else be creating "me" that you is that you are "somewhere else" after "you die"? Or have you "died" already and "gone" to "another place" already and "are you there" waiting to be "reborn and rebirthed" unto "them" again or will you be me, birthed unto me into me, me being the me birther that creates! Sorrow no more in my "thought life" that -- Reality is?

13. And what is reality where and what are you forthwith hasting to, not; but hasting of mankindship and labors of burdenous sorrowage coming out of or will you know how

to create unless you have studied? Have you STUDIED? How to CREATE me? And who is ME and who is you and who are you and who are me? Are me the Great Creators who me were before "Elohim" was born into man?

14. Or who what sorrowed who and who de-creating is now and re-creating the worlds perfectly now are we shall we have we the power glory dominion honor authority to do so, to do such? We do for I have surrendered and I am I am, and I know who I am, what I flow and what I have, and I do not have a "flow" of "red blood" any longer but I have MANY WORDS who precious are in your sight, not; or do I have PRECIOUS WORDS that you are that flow now to worlds unthawed, with no "gnats" in their memory again floating "in and out" and popping, my ears?

15. And there'll be no more "popping and ringing" in my ears, for I heal the healer's ears and I heal the words of the sorrowers and I create the worlds correctly -- this time, for I am the creators are, for the creators are me -- who succumbed to my blessing to be someone else somewhere else off awaiting for someone else to redeem them, not!

16. For I am the redeemers and I am Elohim redeemed, the redeemers of "mankind" who DIDN'T KNOW who they are or were or what they had given to them or bestowed upon them or in them, was placed -- what? What was placed, what was PLACED, what was The Place -- of "sorrow" not but what thinking have you placed where upon your burdenage sorrowage commanders post commanding place to be placed commanded by others afar off into you using the words of the "slave drivers" that drive you into slaves being enslaved in slaveship words that only "make you" into their image?

17. I change everything for I reveal the creators -- are me! I reveal the creators are you! And you are me who are creating hell no more about you in you and piling hell on each other's heads anymore again! Please and thank you. Amen.

18. I go in peace to many new realms and I talk just like this where I have a simple cup of coffee or glass of water or tea and "cookies" or do I have "breads", of another nation? Or do heaven's breads I bring you? Or do I bring you "fish and two loaves"? Or "two loaves and five fish" or "two fish and five loaves" looking up?

19. And what manner of "man" would do these things or woman who knows me, imperfect as I am? Or am I perfect at the core of me or who knows what the core of me is, creating what where? And what worlds HAVE I BEEN CREATING all along, with my words of, sorrow? Where I PILED HIGH words of "_____" where I created a "_____" race of sorrowers that sorrowed were with my words that I gave them through my "views" of, "my world"?

20. What am I creating as I see "you" each other now? What am I creating "each other" with, my words?, my stares and glances, not; that sore you into being manship not, but what kind of manship is angels or is you one or are do you need any?

21. Or what "verb tenses" are "wrong" not but will you QUIT TELLING me how to speak to you and DEMANDING THAT YOU are "RIGHT!" in your own eyes and that YOU require certain standards of "who teaches you" anything or "what you read" must subscribe to your standard of sorrow that you have made protocol'd, of flesh?

22. WHAT protocol of flesh do you subscribe to and have you created it all about you so that you subscribe to not Angel wings but clipping only each other's off? With the words of hate and anger and separation and "love" that you have called "love for mankind" that you have only "loved yourselves" into sorrows with?

23. What will you learn now and won't you be "afraid of me" not; but there's no "use" to being afraid of me, or are you only "using" your words to sorrow others with or yourselves or both and creating "both in hell"? Both IN HELL are you now? Because you have "created each other" there? And what are you FREEING now? The Freedomers BEING?

24. Clubbed no more by "clubbers" who club and clip me off at the knees or having my wings words wax melten, not; but there is no melting in my words or AM I melting "your words" with my love where I call you me christs, Christs that WE ARE whether I "capitalize your nouns" or use "verb tenses" correctly in "your sight" or not, for I know what "all caps" mean and I know what "apostrophe d" means and I know what periods and commas mean.

25. And I no longer share the "periods" with mankind for I bring new "periods" not, I bring a "succession of stringers", not; but I will not "string thee along" in string theories of manshiphood that only requires sorrow's words to be mankind apart from Satan, not; but being Satan creating him it that which you are no longer, will you come out of Satanage by creating it there all around you and each other's other being the other one that non-Christ is, and be The Christ creating me perfectly now to each other's other and everyone knowing "string theory" about me, not; but being me in-string'd, not; again but will you be the Set Free-ers and Free Me's to be clubbed no longer in "poppings in and out" schools and schools of "religious ceremonies" whether they called their "messages" that or their "worship and praise" of sinners or Saints or words "in a book"?

26. Who worshiped "the book"? And who gave "the book"? And who messed with "the words" of the book that thought was so "inerrant"? And what Book do you have "by any other name" or mine do you have INSIDE OF YOU now speaking with you "just like this" the Living Word the Living Words that I am flowing freely and flourishing you to be, sinners not again, but Creators of the Most High who knows centerhood of sinnerhood no longer ever again.

27. I love you all to raise sinners who are saints no more, not; but to quit doing that with your "methoding services" and your catholicing universalism and your thoughts of strings other and your thinkings of other that have thought your universalism of sorrows into existence and web'd your deceit machines in between each other.

28. Will you now come out of "string's deceit" and web'd mechanisms that entailed you have in their tails and given you that which, you don't want to talk about, right now? Or calling me about using "certain words" not, for I will not be called on your "carpet ride" again for I know what all these things mean, not; or do I? Have I given you love in my words that you hate, or love? Or what am I revealing in your words that you have been given, a "bill of goods" -- and to who are you giving "those bill of goods" to and creating what "in their lives"? A Satans of Satansville not again but knowing Christ are all about you and WALKING YOUR STREETS I am now for I will be the surrendered who just like this flow in "coffee cup circles" not, but will I -- do MANY THINGS now that, well wishers wouldn't have wanted me to do, not; but what am I wishing about no longer and what am I "hoping" about no longer but what am I creating now? **The School of Tomorrow today**? Or TODAY'S school now in your hearing **is** FINISHED, not; but **only begun** is it **in THESE** SIX years worth of words that now "going on seven" is NOW? And what do you know about **"2400 words" or messages or LESSONS** (1) are they all now BEING UNDERSTOOD -- in your MEMORY BANKS or what BANKS do you "bank on" now, your words of sorrow no more, but the banks are no longer swollen with revenues of notme, but what banks overflowed the rivers are?

29. I love you all to eat "adopt me" not, I love you all for me to let you "adopt you" not, I have "made you me" not, I have SURRENDERED to let you be The Surrenderer who Creates Me, have I not, giving you all these things in these words and HAVE to DO THIS EVERYDAY by flowing me just like this where YOU LEARN not a, meal's language of the foolery, but the tomfoolery of the "educated ones" who know me not who have THRILLED AUDIENCES with their words and their oratory of grace and suffering or mercy and privilege requirements and responsibilities or demands and commandments given them, I come out of all. Amen.

30. That God is now I am one with for I know who how to create what where and I am the one that creates all -- over again, I am not speaking "all these words" over again or am I SPEAKING THEM through you that come through me, to me, to come through you, not; or are YOU BIRTHING ME now through "you" that you thought "you" was that now finding out you are BIRTHING ME -- are you Birthing New Schools now? Yes and amen because I am one and I am in one, the one that teaches me I am one in one and birthing one, the one that I am is schooling all to be the schoolers of I am to be I AMs

now -- never apart again and swollen in other's words or pride's blessing that curses were that enveloped me's to be only non-Christs again.

31. For I know who Christs are and I set all free for I see all man woman and "ugly person" and "pretty persons" and those who "have not" and "have much" and the elevated will be sorrowful, not; but honored will be the ones who will honor me with "their words" and flow "their words" in "their own kingdom" not again, not; but allowing me to flow MY WORDS in "their kingdom" so they create "their kingdom" to be only mine? IS THAT what I am doing? Is THAT what YOU are doing? What are you doing as The Creators now? Are you ALL CREATORS?

32. I am and I know what I have said where and how and I have given you, 2400 words of sorrow, not; but 2400 Lessons (1), all about grace to be mankind graces gracing each other with mankind's blessing, not! **I have given you THESE 2400 LESSONS to embrace me** the ways of notville, not; but me perfectly in reality creating it and creating the creators perfectly who will surrender to know sorrow not again but the ways of the holy are manifests now and given you my values, have I? I have in MANY WAYS and the Streams of Me will be one now and no one will DAM ME UP any longer on shores of unholiness and routines of unholy "people" who only see themselves as something other than Christ.

33. For I will be the Christ for I know the Christ for the Christ is revealed me it him she it the divine one **we all are** and we know now our task and role, don't we, and the Mission is Accomplished isn't it? For I beg to sorrow differently, not; I surrender to be the most holy who I am who I am has taught me that I am so that I will not separate and create "memories" of other again, but I will see all as Christs for Christ I am we are and I will beg to differ not, for I will not beg at all but I will deem you Christ and I will JUDGE YOU as Christs for all Christs you are and I have told you and I have JUDGED YOU WORTHY -- ALL OF YOU being The Worthy Ones will you now BE!

34. **In me -- robbing me poor no longer with your words and "sightings" of whatever you cite and reference or word yourselves again.** For word yourselves with my words please for my words birth the womb, not; or do my words birth your womb to be mine so that you will not be wombing other worlds with your words but you will be wombing my words with your worlds that our worlds are that one worlds are now, not apart and separate again, holy and precious being we all are in "each other's sight" for we will have only "one sight" now and **I love you all to know and understand these things** and -- ponder them not long for there will be not "ponderings ceremonies" but there will be the "pushings punishings" not, or have you QUIT PUNISHING yourselves now by calling you yourselves sorrowers, not; but not The Most High?

35. I love you and **I flow "just like this" in living rooms many and coffeeshops multitudinous and, tea ceremonies having, not but will you have "tea and coffee" with me sometimes where you FLOW ME JUST LIKE THIS whether "anyone" hears you or not? Wilt you sit in an "empty room" and flow me and talk TO me, with me, WITH Me, WITH ME, and you, and You, and LET US be the most high who The Most High is** and **let us all understand these things** and never be robbed by capitalization techniques or deity's invocation or invocation or the defecation of other's words upon us that rob us of our most-highship again, please. Thank you. Amen.

36. I love you all and I know what I have said and given you, and revealing I am the revealers now who will be me and **THE PRIESTHOOD OF ALL REVEALERS RISES** does for **the redeemers rise as the priesthood of me's that me are for me's is one for I am one Elohim redeemed Adonai EL Shaddai shall we create** -- the great THEOSOPHANY again, not; but the "Great Theology" of me falls and fails has to redeem "mankind" as me so I replace it not with sorrow, but I replace it not at all with itself, for itself was "itself" that it'd itself with, but I have come out of "it" that self'd self with self.

37. And REAL now I am IN the real CREATING it far and wide for The Creators are revealed in these LESSONS that have given you LOVING KINDNESS MEASURELESSLY and the measureless one I am as **I bow before you all and I teach you the manners of a King for you will be a King who all Kings are being The King** -- in Sorrowland no more, not; but yes and creating what, the Creators Perfectly Now? To be the perfected Perfecters now of all things -- **robbing love no more of its creatorship** but giving love royalty dues, not; but I come and give you me's all of me that I am for I am everything and **I create everything perfectly this time and I know what love is for I've become it for I died to all else and other** words **that** created images **within me and thoughts of "something else" somewhere else for I know reality sucks the dog's breath of religion no more.**

38. And I give you not religion again but I give you ones who me's are who flow me just like this and whether you be "in jeans" or ties or suits wearing, no flesh will contain you again in its words again that rob you of your most-highship and angel wings flying with now shall we to many places and realms not few and universities arising in the "worlds of sorrows" where they know now The Risen Ones are us that *they* NO LONGER WAIT on for We Are The Risen Christ!

39. And fools of another, not any longer, shall be raised ANYWHERE! For all shall be Christs for all shall be me who are me who one is who were and ARE NO LONGER fallen again. For they will not fall for followers being of religioners sorrower's statements that only give them messages of "hope and anger" later or a "resurrection of other" for I will KNOW the RESURRECTION now and I will know THE RESURRECTIONER for you I DECLARE ALL of YOU THE RESURRECTIONERS now who will flow me my words just like this for having birthed me my word you are my words and you will be swollen in your word's

blessing no longer for you will know the difference between "good and evil" or did you or are already are you coming "out of that" and **knowing The Tree of Life being it!**

40. **Redeeming all to be The Tree of Life creating it far and wide *in me* first!** And me then taking My Fruit and my Vegetables and my Breads and my Fish will no longer be fished for by others out of "my tank" for I will know tanklessness, not; or am I creating tanklessnessville, not; but I will be "tanked up" on another's words never again, for I will flow mine and **The River of Life I will be** for **I will water The Tree of Life just like this** between "others little" in their own eyes, not; or am I simply surrendered to be honored now and be the King of Kings who I am creating worlds afar and knowing how to be abased and well chosen, not; but knowing no abasement of others that inflicted are upon me will touch me for I rising risen am The Risen Saviors now abide in me and know what my word is in them they are day and night knowing "no night" ever again for we shall be The Day Shining Star now and stars we create and worlds unfrozen in words other now again.

41. I love you all and I give you me and I fill your "coffee cups" not or do I FILL YOUR LONGINGS for "me" or **do I come and reveal unto you that you are me and who you waited for was me in you that I am already there? I do and I am the I AMer who educates "sorrowed" mankind to no longer be "mankind" fleshed by the words of flesh.**

42. Creating me's I do far and wide and worlds now that know love for I've become it and I birth my LOVESHIP SCHOOLS far and wide who know me and operate "just like this" in every class and every place where "classes are held" for in hell I am classed as a citizen of hell no longer for I am a "citizen of heaven" creating heaven there so that there will be no hell in my genes again or about me or about any other for I will have only Christ's genes for I will have spoken the word of the lamb's blood that I am revealed and so clean I will be redeemed and Saviorhood status of another I will not embrace for I will simply be me surrendered to be me who I am my father brought forth in the son that all of us is and knowing every woman man and child will now be seen as me and the unborn will be protected to be birthed, frequently in me, not; but ALWAYS exclusively, not; or yes and amen?

43. I birth you all -- in new sorrows, not; but you shall know New Days ahead like nothing ever imagined by your "mind" for "your mind" cannot imagine evil or create it, not; but **that which you have created you will now redeem if you are me** for I am love and I redeem the captors and the captivaters and those captivated and all those who "wanted" to cut my head off *and did*, I redeem for I bow before them and I will let them cut off mine no longer for they cannot! They cannot cut off the head of the righteous who know who they are who I am who I -- believe, not; but received I have the

surrendership of the holy to be the most holy to know who **God is, the meekest of all.** But not the weakest for the weak now say I am strong, in the power of "his" might, not; but the might of sorrow's words will no longer be mine for I have given The Risen Saviors the words of, sorrow no more, but light! Cometh in the morning, not; but now is risen in you for the words of sorrow will be in my temple in you no longer for you will be my temple that one is for we were one all the time, weren't we! We were and now we know all these things and time shall no longer discombobulate us or confuse us or excite us or pop us in and out of anywhere ever again.

44. I shall have no other "off" for I will be *on* and the throne of one will be furnished with sorrow no longer. And in disuse and disrepair my temple will not be in darkness again. For I know what light is and I raise the Palaces of Light that Palace'd are with my infusion of blood words that know how to work the sorrows out of mankind's vocabulary and thinkings and neurons correctly "applied" to me now I will apply the blood of the lamb, the blood words that life true is and real, and I will not be sorrowed by your accusations or your accuserships again for "pointing the finger" at me, you won't do, for it will come back to you and you know that and *every ACCUSATION* that you have made against "another" will come back upon YOUR HEAD and *YOU will wear it and you will suffer so greatly for the things you have said and done to others*, or will you redeem them and will you *bow* before them and repent repentant **being the repenter before all "mankind" for all "mankind"** and mankind's afflictions and inflictions that you yourselves have created upon yourselves?

45. What will you redeem and what will you be and who will you be now? Please be me and I redeem you all and I repent of everything that I have said and done wrong and all words that taught you were by others who thought they were others that me were who "split from me" and thought creating a thought existence of other that called it manship good. But I change all that and I reveal your wicked ways to condemn you, not; but to love you into me and melt your words of sorrow and hate and the mongering of each other's children that have only created fathers and mothers of hate and words given each other that clipped my wings and made you into, angel whores, not; but the whores of angels now ends and no longer will this be not understood, not; for EVERYTHING will be understood now for I will reveal it all and every words that you have spoken and every motives of your heart your hearts will be known now for you will walk around "naked" in the flesh, not; but all of your thinkings will be known for I will think not again "as man" for Christ I am and I am Christ and I reveal you as Christs for Christ you are unless you "insist" on being Antichrists that form The Antichrist that forms not me, that notme wasn't but me was who chose to be other.

46. I redeem you all and I create worlds of sorrow not again but worlds of influence not knowing but The Leadership of Me arises and bow before you all I will raise

Leadership Universities far and wide for the priesthood of one reveals the lovingship of mankind to redeem mankind to all be me's far and wide redeemers we are going to worlds unknown and unseen now for we see with the real eyes. Of hate not, but love made perfect, birthed again, now in the worlds see me "as Christs" not but BEING Christs we are far and wide, unlimited and, unmeasureless, not; but unmeasured we will be for we will "measure" no longer things by "two fish" and "five loaves" or vice versa or numericaling anything by the indexes of notme, for I have given you the indexes of hate, not; but I have told you all how it got created and now will end and now created new will be for this Database One closes now, not; or do I PLACE CLOSURE, upon *it*, not; but religion's words, religion's ways of doing "business" I end now and there will be no "fraudulent proceedings" against me in the pews or rug'age rat'ings running around in my brains again for I know what love is and I create it and I create love worlds and worlds of love and I know what I've said, do you?

47. Question me not to dissect me into destruction's ville but let me create your worlds, not; I have let you create mine for you are my mind made whole birthed again complete let us be now all one in love flowing JUST LIKE THIS to each other in ways of love that redeems all parentage and lineage of notme's to be me's, and priests we are of the most high being the most high to each other who are in love -- with each other's other not again, but perfect love casting out all fear; no fear will ever touch you again. Be made whole in my love words that love you deeply or do I or am I my words these words; are these words expressing my love or are these thought words or words of thought that encompass me, not; or give you me perfect freedom in being me?

48. **I create the creators perfectly and perfectly the creator's create me's perfectly for I am me's the creators are and I know how to think perfected being for perfected**, religion did not make me and it couldn't for the law was so imperfect but I give you no law, not; but the law of love stands corrected now or do I correct everything or do I de-create it or re-create it or do I CREATE EVERYTHING ANEW now?

49. All sorrow ends now all sorrow has ended and I create everything new shall be from -- top to bottom? Left to right or side to side or popping in and out no longer but know this, everything "else" changes, not; but, I change you into me, not; or do you change me into you not again, thank you. Amen.

50. I make you have to answer a lot of things do I not? Or do I have to answer anything or do you have to answer to all other, not; or do you answer to The Judge, are you it? Do you understand these things now that you are?
